

Getting Started

1. What do you think of when you hear the word abundant?
2. Do you think people can change?

Into the Bible

3. "That's just the way I am." Read 2 Corinthians 3:18 & tell how this verse refutes that statement.

4. When we begin to follow Jesus, new life has begun. Read Ezekiel 36:26-27. How do we live this new life?

a. Read Galatians 5:16-17. How are we able to walk by the Spirit?

b. As we do this, what is the result? Continue in Galatians 5, reading verses 22-23. Does this sound like abundant life?

5. Sometimes we believe that abundant life will come when we do more and more things for God. Doing things for Him is good, but where is life found? Read Acts 17:25 for the answer.

6. Abundant life is a life of reconciliation, firstly, with God. Read Colossians 1:19-22. How does God see you?

Application

7. Is there an area (or two) in your life or something about you that you question if God can change? How can you begin to allow for that transformation?

8. Have you fallen into the pattern of avoiding "bad things" but not necessarily walking by the Spirit, allowing Him to change your desires? Is there something you can do to move toward abundant life that is available to you?
